Artistic Desk Shelves

Computer Shelves and Printer Shelves Add Storage

The Artistic Desk Shelves provide storage at your desk for computers, printers, UPS's, and any other device that you use at your desk. Shelves can be mounted on the inside or outside of the desk legs, which keeps them out of the way, yet always within reach, and close to the main desk cable tray and power strip. The sophisticated cantilevered design makes shelves appear to float over the floor.

The 21" X 9" Artistic Computer Shelf is perfect for desktop computers and speakers. The 21" X 17.5" Artistic Printer Shelf is perfect for heavy printers and document centers. There is a small support foot on the bottom side of the printer shelf for added stability.

There are two sizes of Artistic Desk Shelves, the Artistic Computer Shelf and Artistic Printer Shelf. Both have multiple mounting locations around the desk.

- Cherry Wood Shelves
- Sturdy Brackets
- Computer Storage
- Printer Storage

The way that the shelf bracket is attached to the desk leg with the shelf cantilevered, makes the shelf appear to float over the floor.

Artistic Desk Shelves: Features

Wood Stain and Finish

The Artistic Desk Shelves are made of cherry board that is finished to match the color and texture of the Artistic Series Desks and other Caretta Workspace products. The wood on the shelves are finished on all sides. Each piece goes through a detailed 10-step finish process which is perfected with time and hand work.

Heavy Steel Bracket

The 3/8" thick steel bar that attaches the shelves to the desk provide a good deal of support to hold heavy objects. The bar is painted black to match the desk legs.

Printer Shelf Foot

For the larger Artistic Printer Shelf, there is a small foot that extends to the floor. With this extra support, the shelf can hold even the heaviest printers and document centers.

Multiple Mounting Locations

There are a lot of places to mount shelves on Artistic Series Desks. Each desk leg has eight locations of attachment points. Shelves can be mounted on both the inside and outside of the desk legs.
