

Artistic Hutch

This is the Perfect Hutch to Compliment a Caretta Office

The freestanding Artistic Hutch is a beautiful addition to any office. The soft organic shapes of the hutch legs perfectly accent the lines of the Artistic Series of Caretta Desks. With two locking doors, movable shelves, a high quality covered tack board, and a tray for storing push pins and writing instruments, this hutch was engineered to add functionality to your workspace. The unit is constructed of premium solid cherry hardwood and finished with a very high quality 10-step finish process. It was designed to fit on the return of any Caretta L Shaped Desk or Side Table, but with felt attached to the bottom of the legs, it is well suited to sit on any table or credenza.

Artistic Hutch: Features

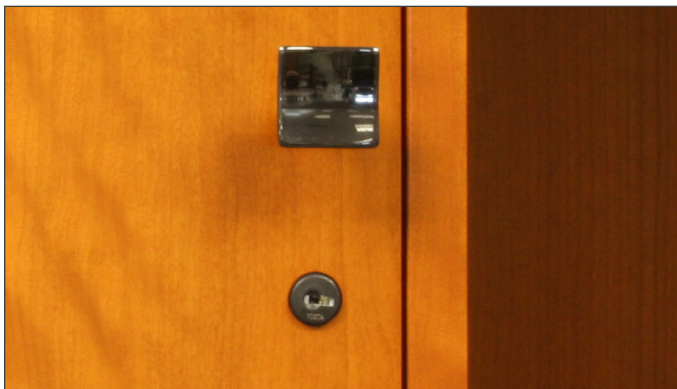

Artistic Look

The soft organic shapes of the hutch legs perfectly accent the lines of the Artistic Series of Caretta Desks.

Optional LED Lighting

Add a dimmable LED light bar to the underside of the Hutch. It provides a wash of light onto the pin board. (Lighting shown on Contemporary Hutch Hutch)

Two Locking Doors

The Hutch has two doors that securely lock in place. Behind the doors are compartments with movable media shelves.

Freestanding Unit

The Artistic Hutch was created to fit on the return of any Caretta L Shaped Desk or Side Table. Felt feet are placed on the bottom of the legs, which also makes the unit suitable to sit on any table or credenza that is large enough.

The wood on the Hutch is even finished on the back side, so there is no need to place it against a wall.
