Artistic Series Computer Desks

The Computer Desk that Hides your Wires and Cables

The Artistic Computer Desks are designed with artistic shaped legs that provide a clean, stylish look.

The stylish design of the desks give a modern classic look that is sure to set the stage for a beautiful office. The rich hand-rubbed solid hardwood, contrasted with the organic, sharp contour of the legs make the Artistic Computer Desk an epic centerpiece for any workspace.

Why have such a beautiful desk when it is cluttered with wires and cables? All of this beauty is combined with the functionality that defines Caretta Workspace. Computer wires and power cables disappear into large cable channels and a hidden, self-contained power strip.

There are two versions of the Artistic Computer Desk, which are named Desk Petite and Desk Full. The differences are desk width, number of drawers, and size of the integrated power strip.

Versions:

Artistic Computer Desk Petite

Part #: 501-0008-00-00-0

Size: H: 29.25" W: 45" D: 32"

Weight: 86 lbs.

Artistic Series Computer Desks: **Features**

Cable Management

The desk comes equipped with a large cable tray that can hide all of your computer wires and cables. We can't make your cables go away, but we can make them disappear!

Premium Solid Cherry Hardwood

The solid cherry hardwood used in the desk is selected for its unique grain patterns, then finished with a durable, bright, natural cherry finish. Each piece goes through a detailed 10-step finish process which is perfected with time and hand work.

Available in lighter Natural Cherry stain, or darker Estate Cherry Stain

Soft and Durable Desk Inlay

Inlay material is a high-end touch that eliminates the need for a desk pad. The material makes a nice writing surface and is extremely abrasion resistant.

Micro-Suede Lined Locking Drawers

The desk has one (Petite) or two (Full) locking drawers that are large enough to store a laptop computer. The drawers have a sturdy hardwood frame and metal base to maximize drawer depth. Micro-suede lining provides an elegant touch.

Artistic Series Computer Desks: **Features (continued)**

Soft Bull-Nose Desk Edge

The bull-nose edge on the desk gives a finished look to the desk, and it is a nice rest for wrists or forearms when working.

Large Surge Suppressing Power Strip

A 12 outlet (Full) or 6 outlet (Petite) surge suppressing power strip is attached directly to the cable tray under the desk top. Plugs are spaced far enough apart so you can plug transformers side by side. There are LED indicators that show that surge suppression is active and the strip is plugged into a grounded circuit. Each strip has a 9' power cord.

Laser-Engraved Number Badge

Each desk is one of a kind. The number on the laser-engraved badge means that your desk is a numbered piece of art.

Sculpted Desk Legs

Artistic, solid cherry wood desk legs are sculpted in a way that allows for additional knee room. Large 3" adjustable pads keep desk setting level.

Artistic Series Computer Desks: Photos
