Artistic Desk Full, L Shaped Left

## Artistic Series, L Shaped Computer Desks

The Computer Desk that Hides your Wires and Cables

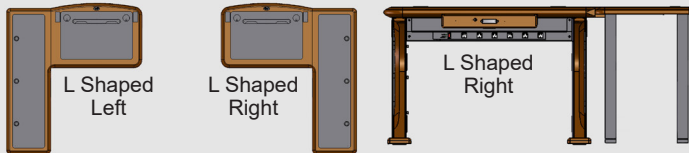

The Artistic L Shaped Computer Desks are designed with artistic shaped legs that provide a clean, stylish look, with extra desk top space.

The stylish design of the desks give a modern classic look that is sure to set the stage for a beautiful office. The rich hand-rubbed solid hardwood, contrasted with the organic, sharp contour of the leg makes this desk an epic centerpiece for any workspace.

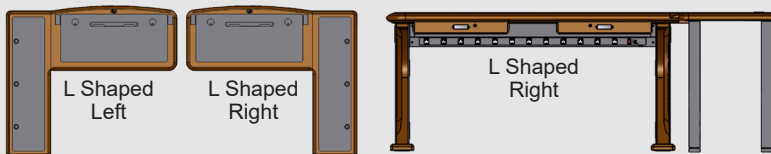

Why have such a beautiful desk when it is cluttered with wires and cables? All of this beauty is combined with the functionality that defines Caretta Workspace. Computer wires and power cables disappear into large cable channels and a hidden, self-contained power strip.

Versions:

**Artistic Computer Desk Petite, L Shaped Left or Right:**

**Artistic Computer Desk Full, L Shaped Left or Right:**

There are two versions of the Artistic L Shaped Computer Desk, which are named Petite and Full. The differences are desk width, number of drawers and size of the integrated power strip.

- Cable Management
- Solid Cherry Wood
- Durable Desk Inlay
- Integrated Power Strip

### Wood Stain Options

Natural  
Cherry

Estate  
Cherry

Two stain options are available, lighter Natural Cherry or darker Estate Cherry. Both highlight the beautiful grain patterns of the solid cherry hardwood

## Artistic Series, L Shaped Computer Desks: **Features**

### **Cable Management**

The desk comes equipped with a large cable tray that can hide all of your computer wires and cables. We can't make your cables go away, but we can make them disappear!

### **Premium Solid Cherry Hardwood**

The solid cherry hardwood used in the desk is selected for its unique grain patterns, then finished with a durable, bright, natural cherry finish. Each piece goes through a detailed 10-step finish process which is perfected with time and hand work.

Available in lighter Natural Cherry stain, or darker Estate Cherry Stain

### **Soft and Durable Desk Inlay**

Inlay material is a high-end touch that eliminates the need for a desk pad. The material makes a nice writing surface and is extremely abrasion resistant.

### **Micro-Suede Lined Locking Drawers**

The desk has one (Petite) or two (Full) locking drawers that are large enough to store a laptop computer. The drawers have a sturdy hardwood frame and metal base to maximize drawer depth. Micro-suede lining provides an elegant touch.

## Artistic Series, L Shaped Computer Desks: **Features** (continued)

### **Soft Bull-Nose Desk Edge**

The bull-nose edge on the desk gives a finished look to the desk, and it is a nice rest for wrists or forearms when working.

### **Large Surge Suppressing Power Strip**

A 12 outlet (Full) or 6 outlet (Petite) surge suppressing power strip is attached directly to the cable tray under the desk top. Plugs are spaced far enough apart so you can plug transformers side by side. There are LED indicators that show that surge suppression is active and the strip is plugged into a grounded circuit. Each strip has a 9' power cord.

### **Laser-Engraved Number Badge**

Each desk is one of a kind. The number on the laser-engraved badge means that your desk is a numbered piece of art.

### **Sculpted Desk Legs**

Artistic, solid cherry wood desk legs are sculpted in a way that allows for additional knee room. Large 3" adjustable pads keep desk setting level.

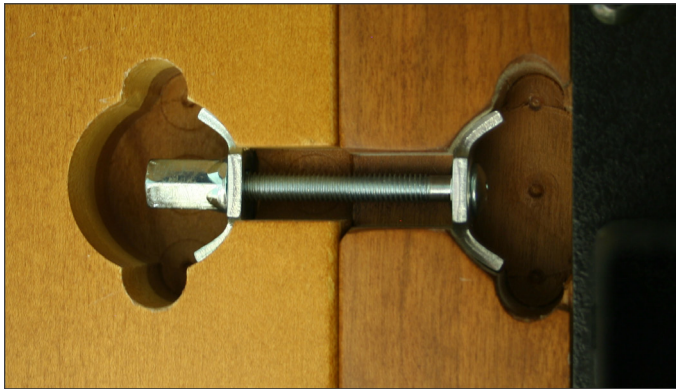

## Artistic Series, L Shaped Computer Desks: **Features** (continued)

### **Smooth Transition Between Desk Tops**

The edges between the two desk tops are cut flat, so when they join together, they create a smooth transition between work surfaces.

### **Locking Mechanisms Secure Tops**

The two table tops are aligned with two, 1/2" dowel pins, then mechanically joined with mechanisms that securely hold them together. The two locking mechanisms are on the under side of the desk top.
