

Modern Urban Computer Shelf

Modern Urban Printer Shelf

Printer and Computer Shelf

## Modern Urban Desk Shelves

### Computer Shelves and Printer Shelves Add Storage

The Modern Urban Desk Shelves provide storage at your desk for computers, printers, UPS's, and any other device that you use at your desk. Shelves can be mounted on the inside or outside of the desk legs, which keeps them out of the way, yet always within reach, and close to the main desk cable tray and power strip. The shelf bracket attachment design makes shelves appear to float beside the desk leg or over the floor.

The 21" X 9" Modern Urban Computer Shelf is perfect for desktop computers and speakers. The 21" X 17.5" Modern Urban Printer Shelf is perfect for heavy printers and document centers.

There are two sizes of Modern Urban Desk Shelves, the Modern Urban Computer Shelf and Modern Urban Printer Shelf. Both have multiple mounting locations around the desk.

- Cherry Wood Shelves
- Sturdy Brackets
- Computer Storage
- Printer Storage

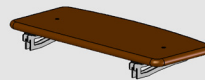

#### Versions:

##### Modern Urban Computer Shelf:

Part #: 511-0010-00-00-0

Size: H: 2.31" W: 9.00" D: 20.75"

## Modern Urban Desk Shelves: Features

### Wood Stain and Finish

The Modern Urban Desk Shelves are made of cherry board that is finished to match the color and texture of the Modern Urban Series Desks and other Caretta Workspace products. The wood on the shelves are finished on all sides. Each piece goes through a detailed 10-step finish process which is perfected with time and hand work.

### Laser-Cut Steel Bracket

The 12 gauge steel brackets that attach the shelves to the desk provide a good deal of support to hold heavy objects. The brackets are painted black to match the desk legs.

### Multiple Mounting Locations

There are many places to mount shelves on Modern Urban Series Desks. Each shelf has many attachment points on both the inside and outside of the desk legs.
